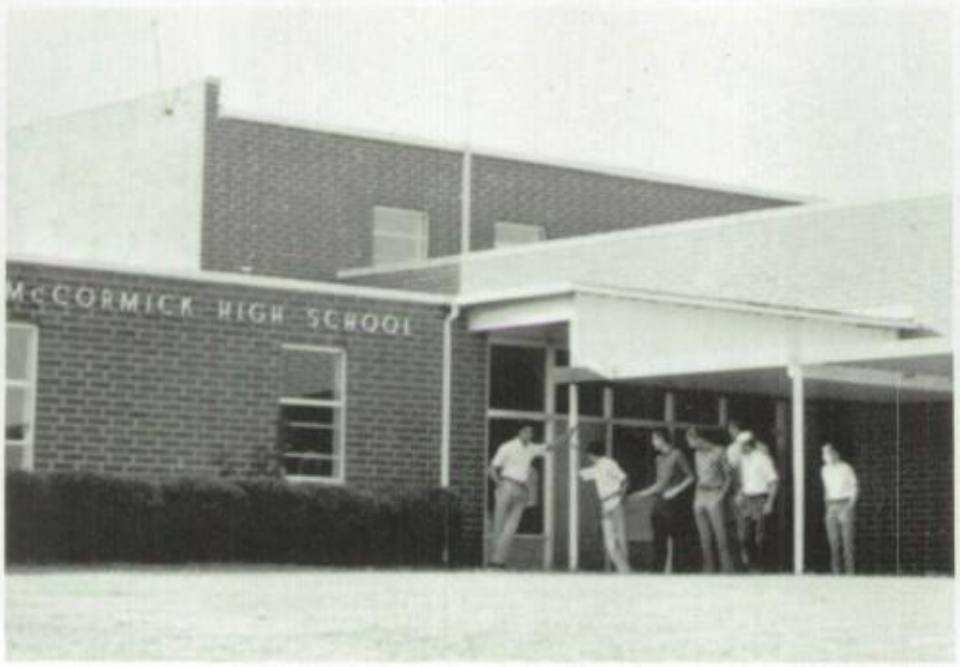
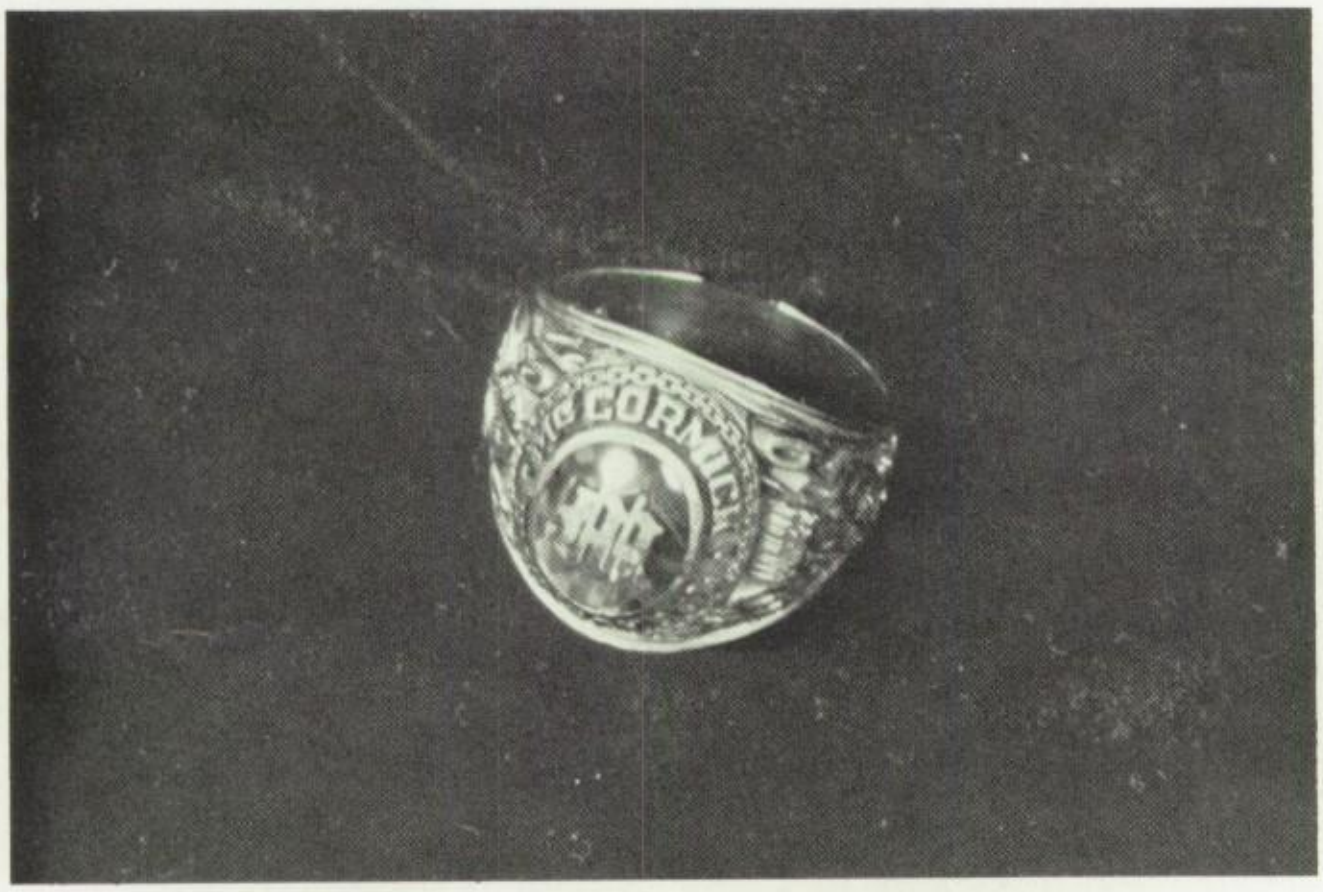
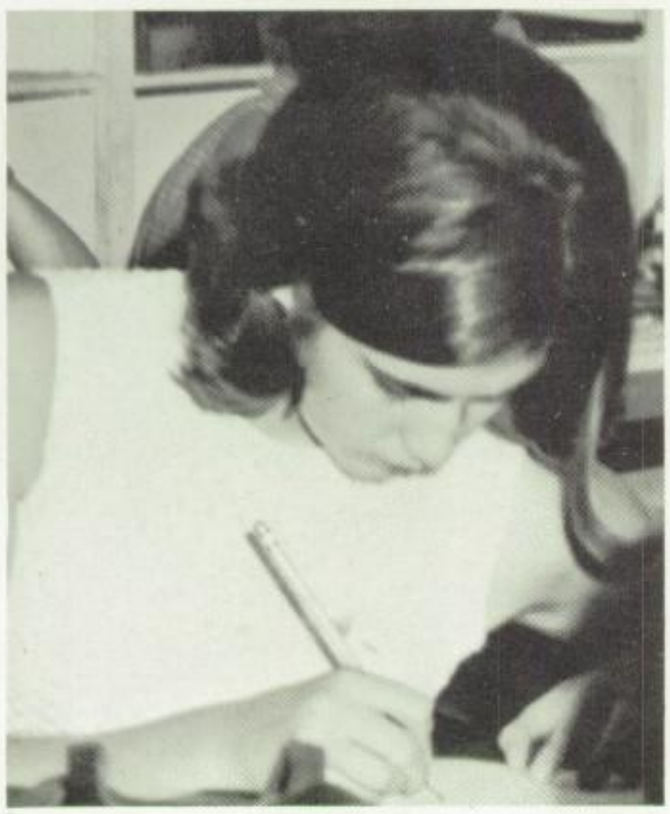
The spirit of McCormick High School is the feel of living. It's getting into the flow of things. It's the thrill of being yourself without any pretenses, the satisfaction of doing.



It's aiming high and, win or lose, aiming again. It's laughter and tears; work and play; excitement and frustrations. It's the stuff memories and ideals are made of!





The torch has been passed to a new generation . . .

John F. Kennedy

To one whose interest has been manifest; to one whose wisdom has been a valuable asset; to one whose dignity has been an inspiration ... the 1969 Panther is dedicated to Mrs. Bertha S. Harris.

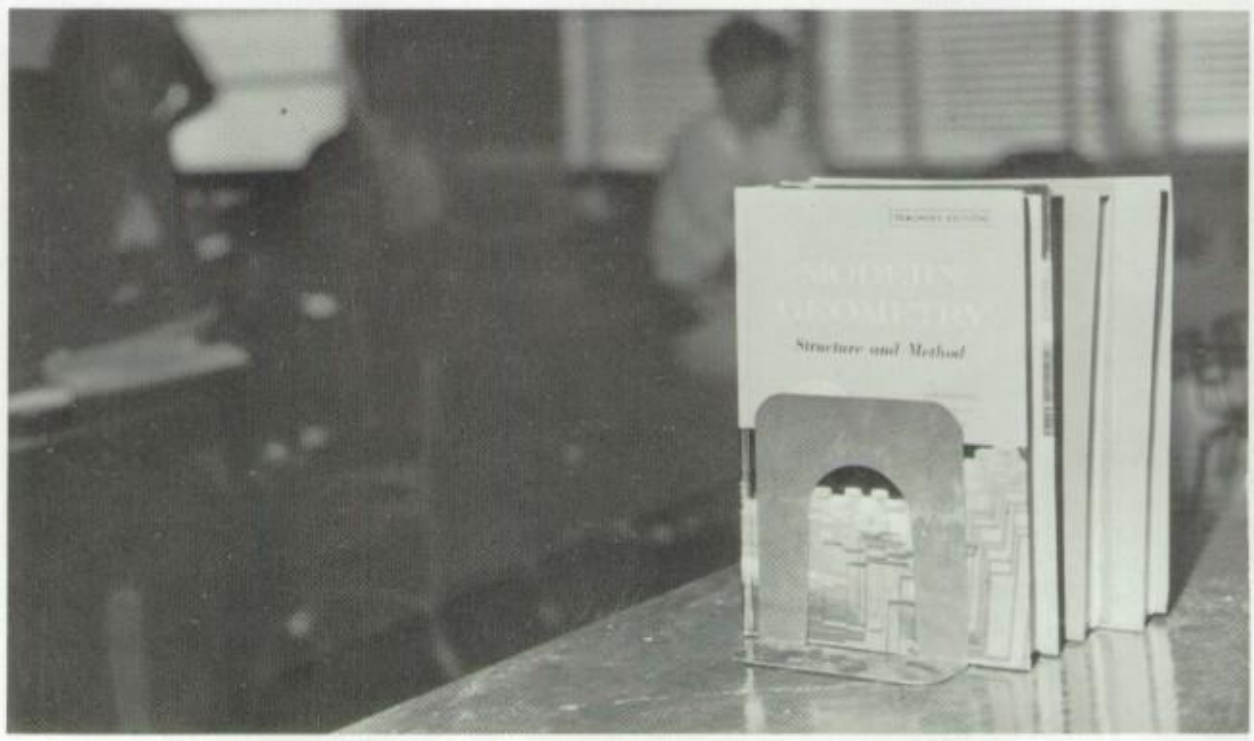
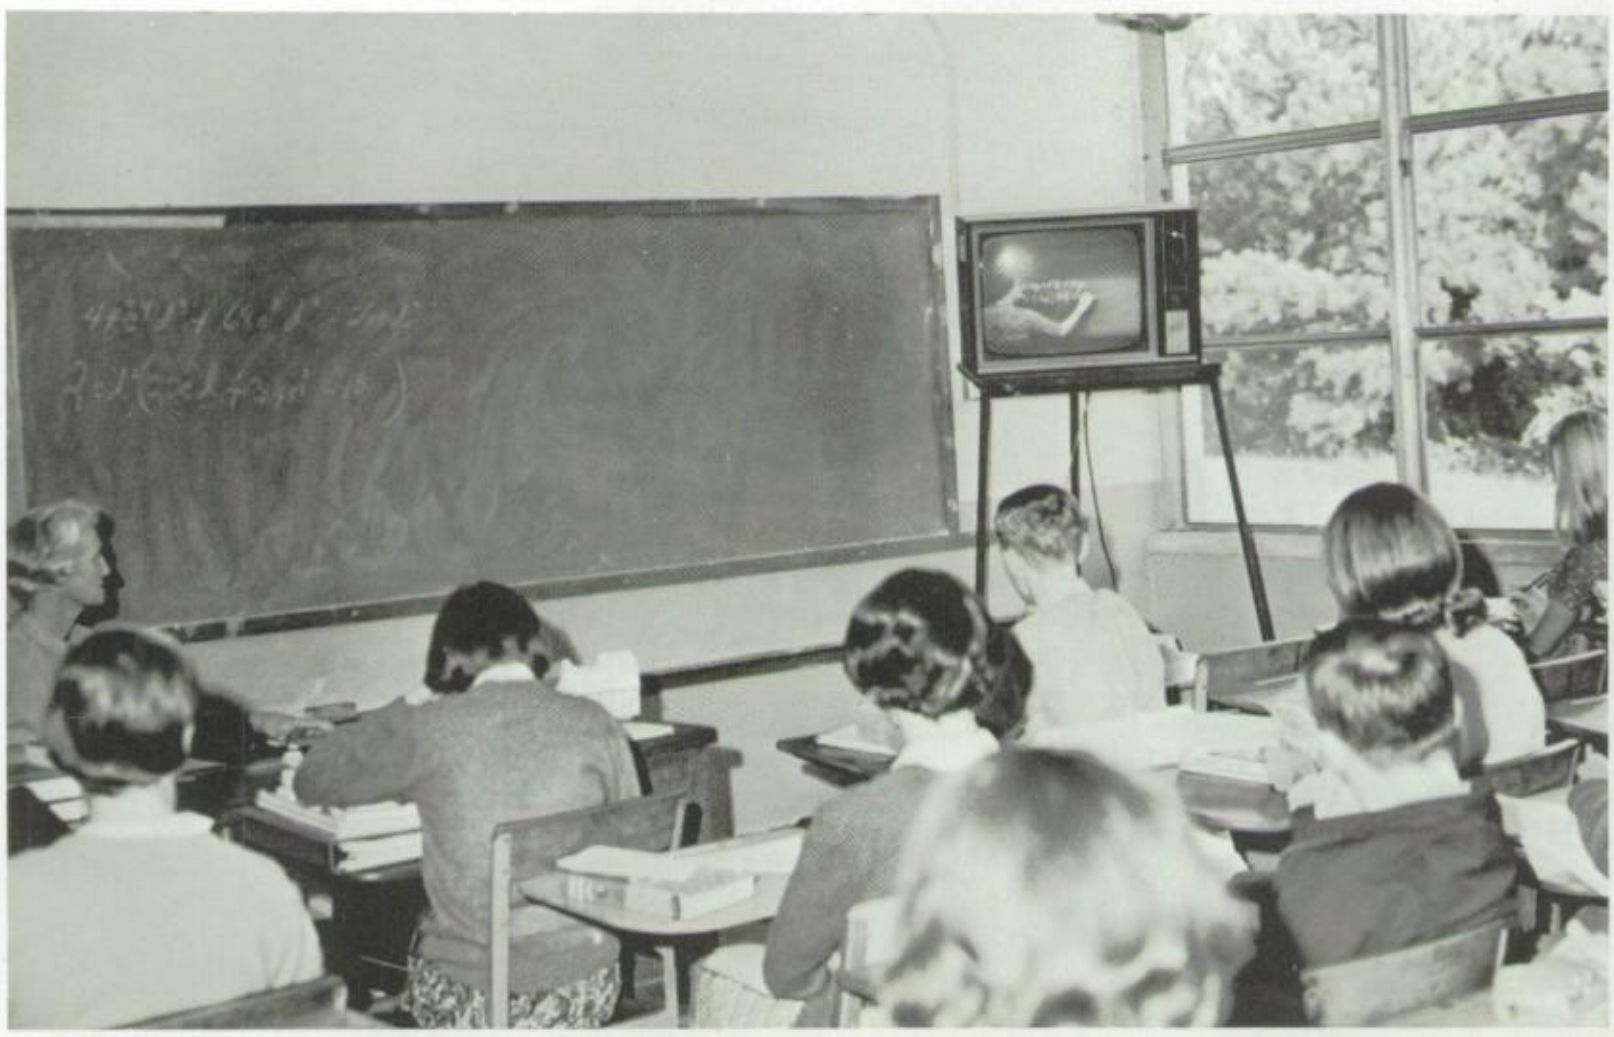
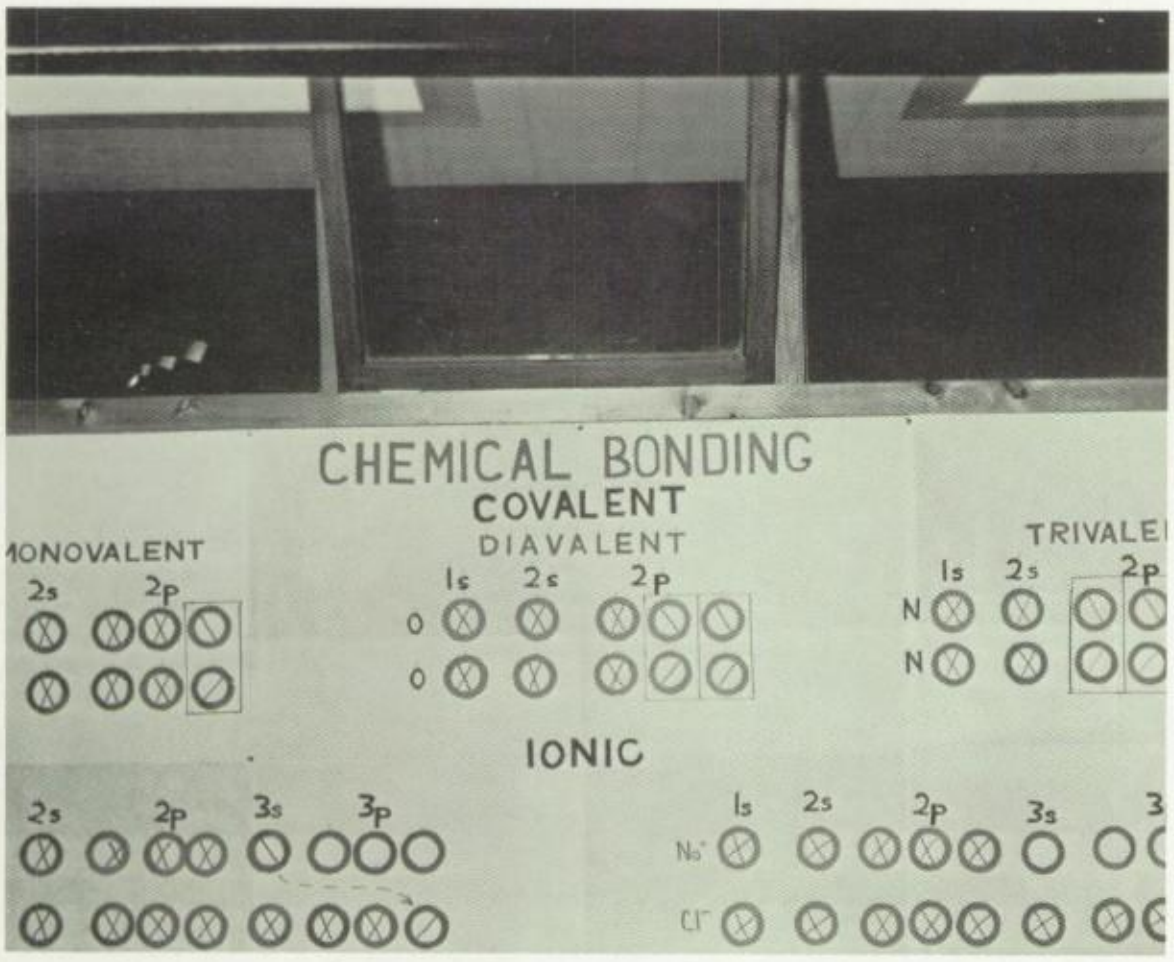
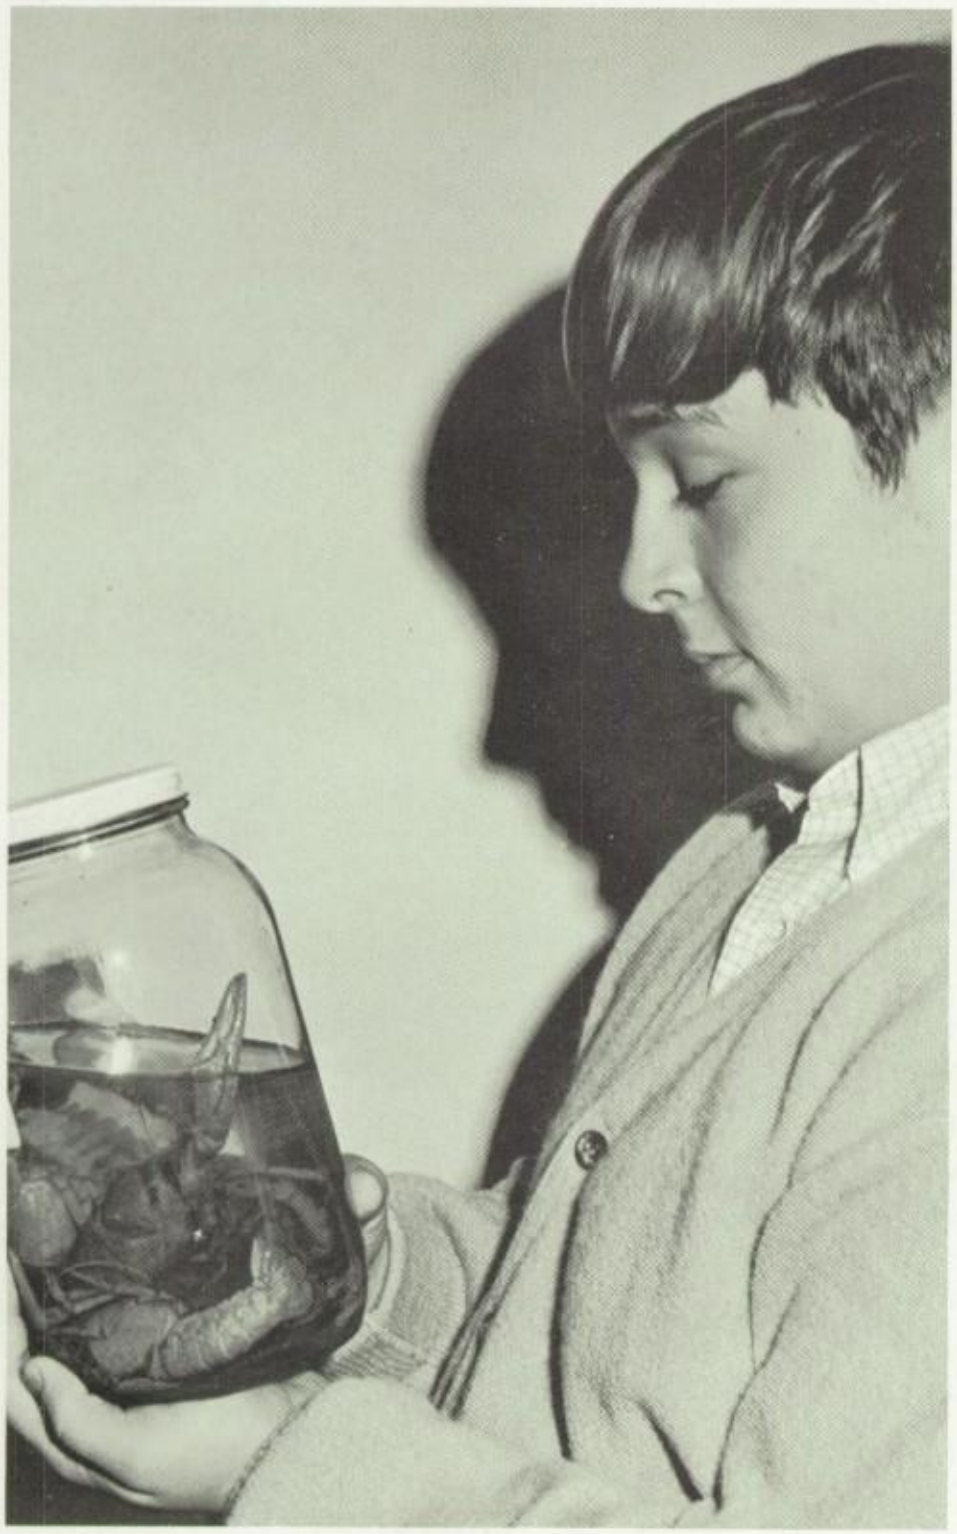
We at MHS realize that a study in mathematics is just as important as any other course offered.

Mathematics teachers work to improve the reasoning ability and the minds of the students. The curriculum at MHS includes math, Algebra I and II, geometry, trigonometry, and college algebra.









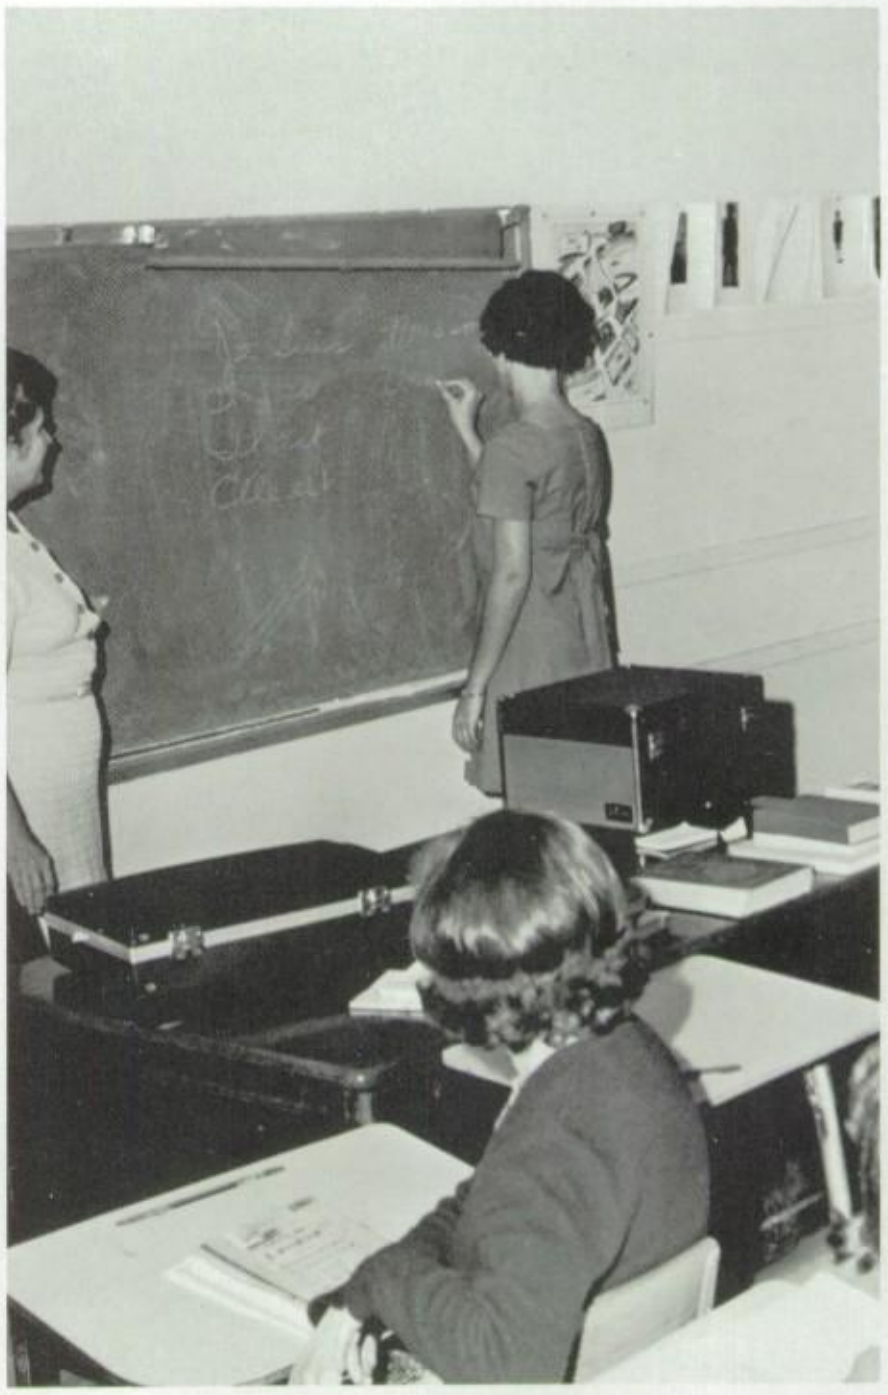
We are living in a space age; therefore, changes in science are very rapid.

Realizing that a fundamental knowledge of science is necessary in any chosen field of study in our world today, McCormick High School offers basic science courses, as well as more advanced courses for students enrolled in the college preparatory course.

Almost every student is enrolled in a course of biology, physical science, physics, or chemistry.

While freshmen have their first taste of Old World writing in Romeo and Juliet, sophomores become involved in Julius Caesar. From ancient Rome, they travel to England to watch Silas Marner reenter society. Through American literature, Juniors study the works of such famous authors and poets as Tennessee Williams, Carl Sandburg, and Robert Frost. Seniors, by reviewing English literature, learn to analyze the works of authors.

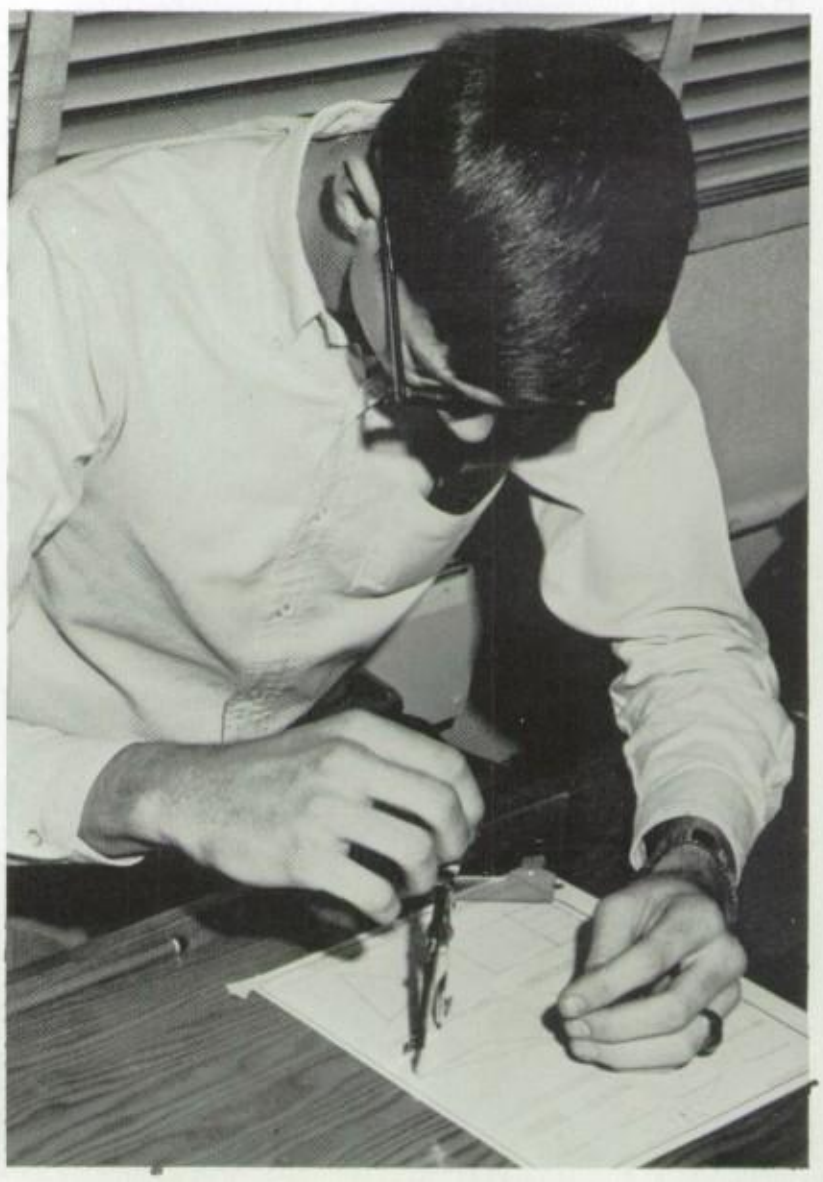
French is offered for two years at MHS. Along with speaking the language, students get a clearer picture of the French people by learning much about their history, customs, and culture.

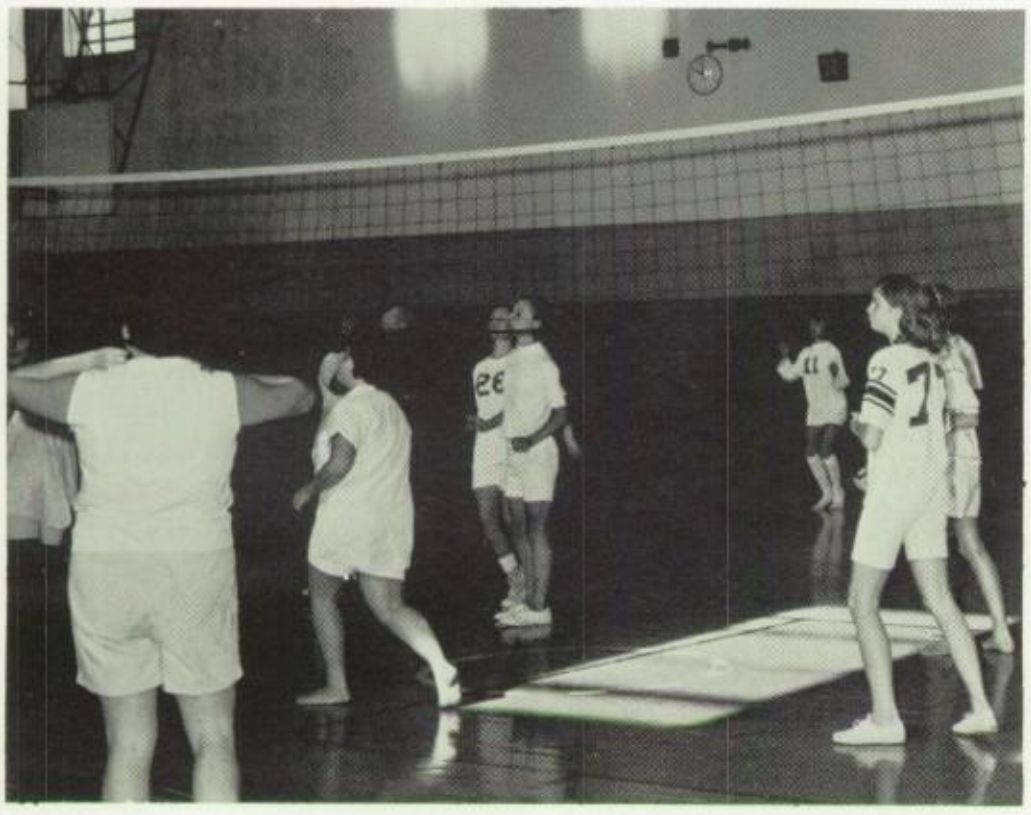


To prepare for the future, one must understand the past and present. Since the success of our form of government depends on the education of youth and the development of patriotism, the social studies department includes World History, United States History, sociology, and civics.

Business Education trains students for profitable employment in businesses of tomorrow. Bookkeeping, shorthand, typing, office practice, Business English, and Business Law are offered in this department.

Our vocational department includes Agriculture, Home Economics, Distributive Education, and Mechanical Drawing. These courses prepare students for careers in fashion, farming engineering, leadership, and other technical training.





In addition to maturing mentally, one must develop physically. Two years of physical education are required to be eligible for graduation. Football, basketball, soccer, deck tennis, volleyball, softball, tumbling, kickball, and tennis are parts of the course.

The Guidance Department is necessary in helping students with any problems that may arise in school or family life. It also assists students in educational opportunities and careers.

How I pity that person who cannot shut the world, open a book, and go forth on an adventure of romance, travel, biography, history, or business."

The ever increasing library facilities at McCormick High provide an atmosphere conductive of study and individual research. Many new books are added to the collection every year.

SUMMARY

The McCormick Panthers had a fair season this year winning four games and losing six.

The season started off with two big wins over Jonesville and Ninety Six. They lost a game to Hickory Tavern before winning over Thornwell 19 to 13.

The Panthers lost five straight games including their Homecoming. But they bounced back to a victory over the South Carolina School for Deaf in the final game of the season.

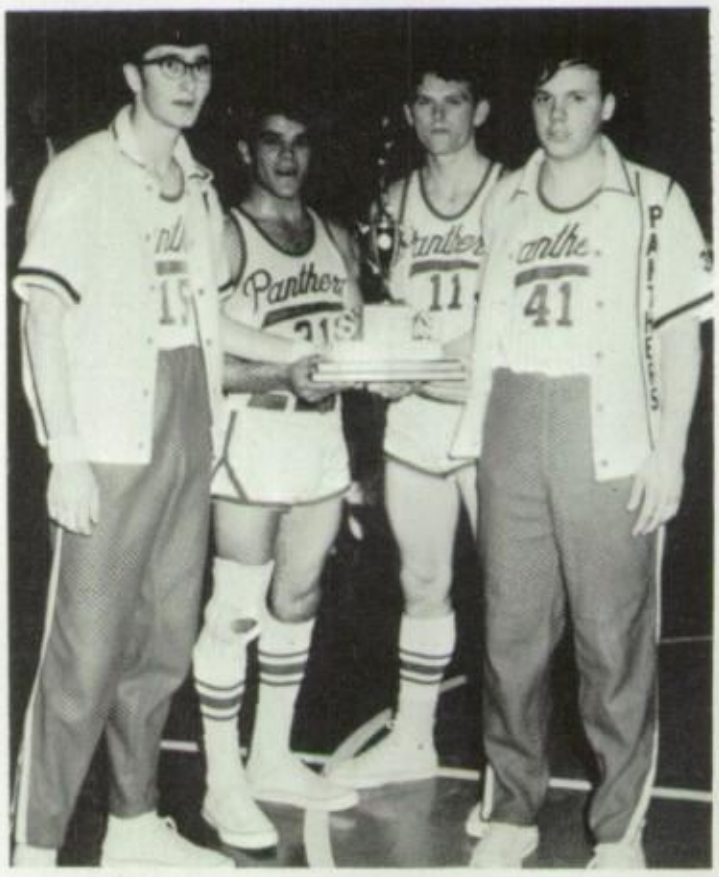
CONFERENCE RESULTS

The Panthers entered the conference tournaments after a good season and a 17-1 record. With enthusiasm and determination, the boys defeated three strong teams to win the conference crown. Entering the State Tournament, the Panthers won their first game, but were defeated in the second. The Panthers ended the season with a record of 21 wins and 2 losses.



CONFERENCE RESULTS

The Pantherettes completed their regular season games with a record of 13-5-1. In the Conference tournament games, the girls defeated two fine teams, but were defeated in the finals by an un-defeated Gray-Court wings team. The Pantherettes season ended with a 15-5-1 record.

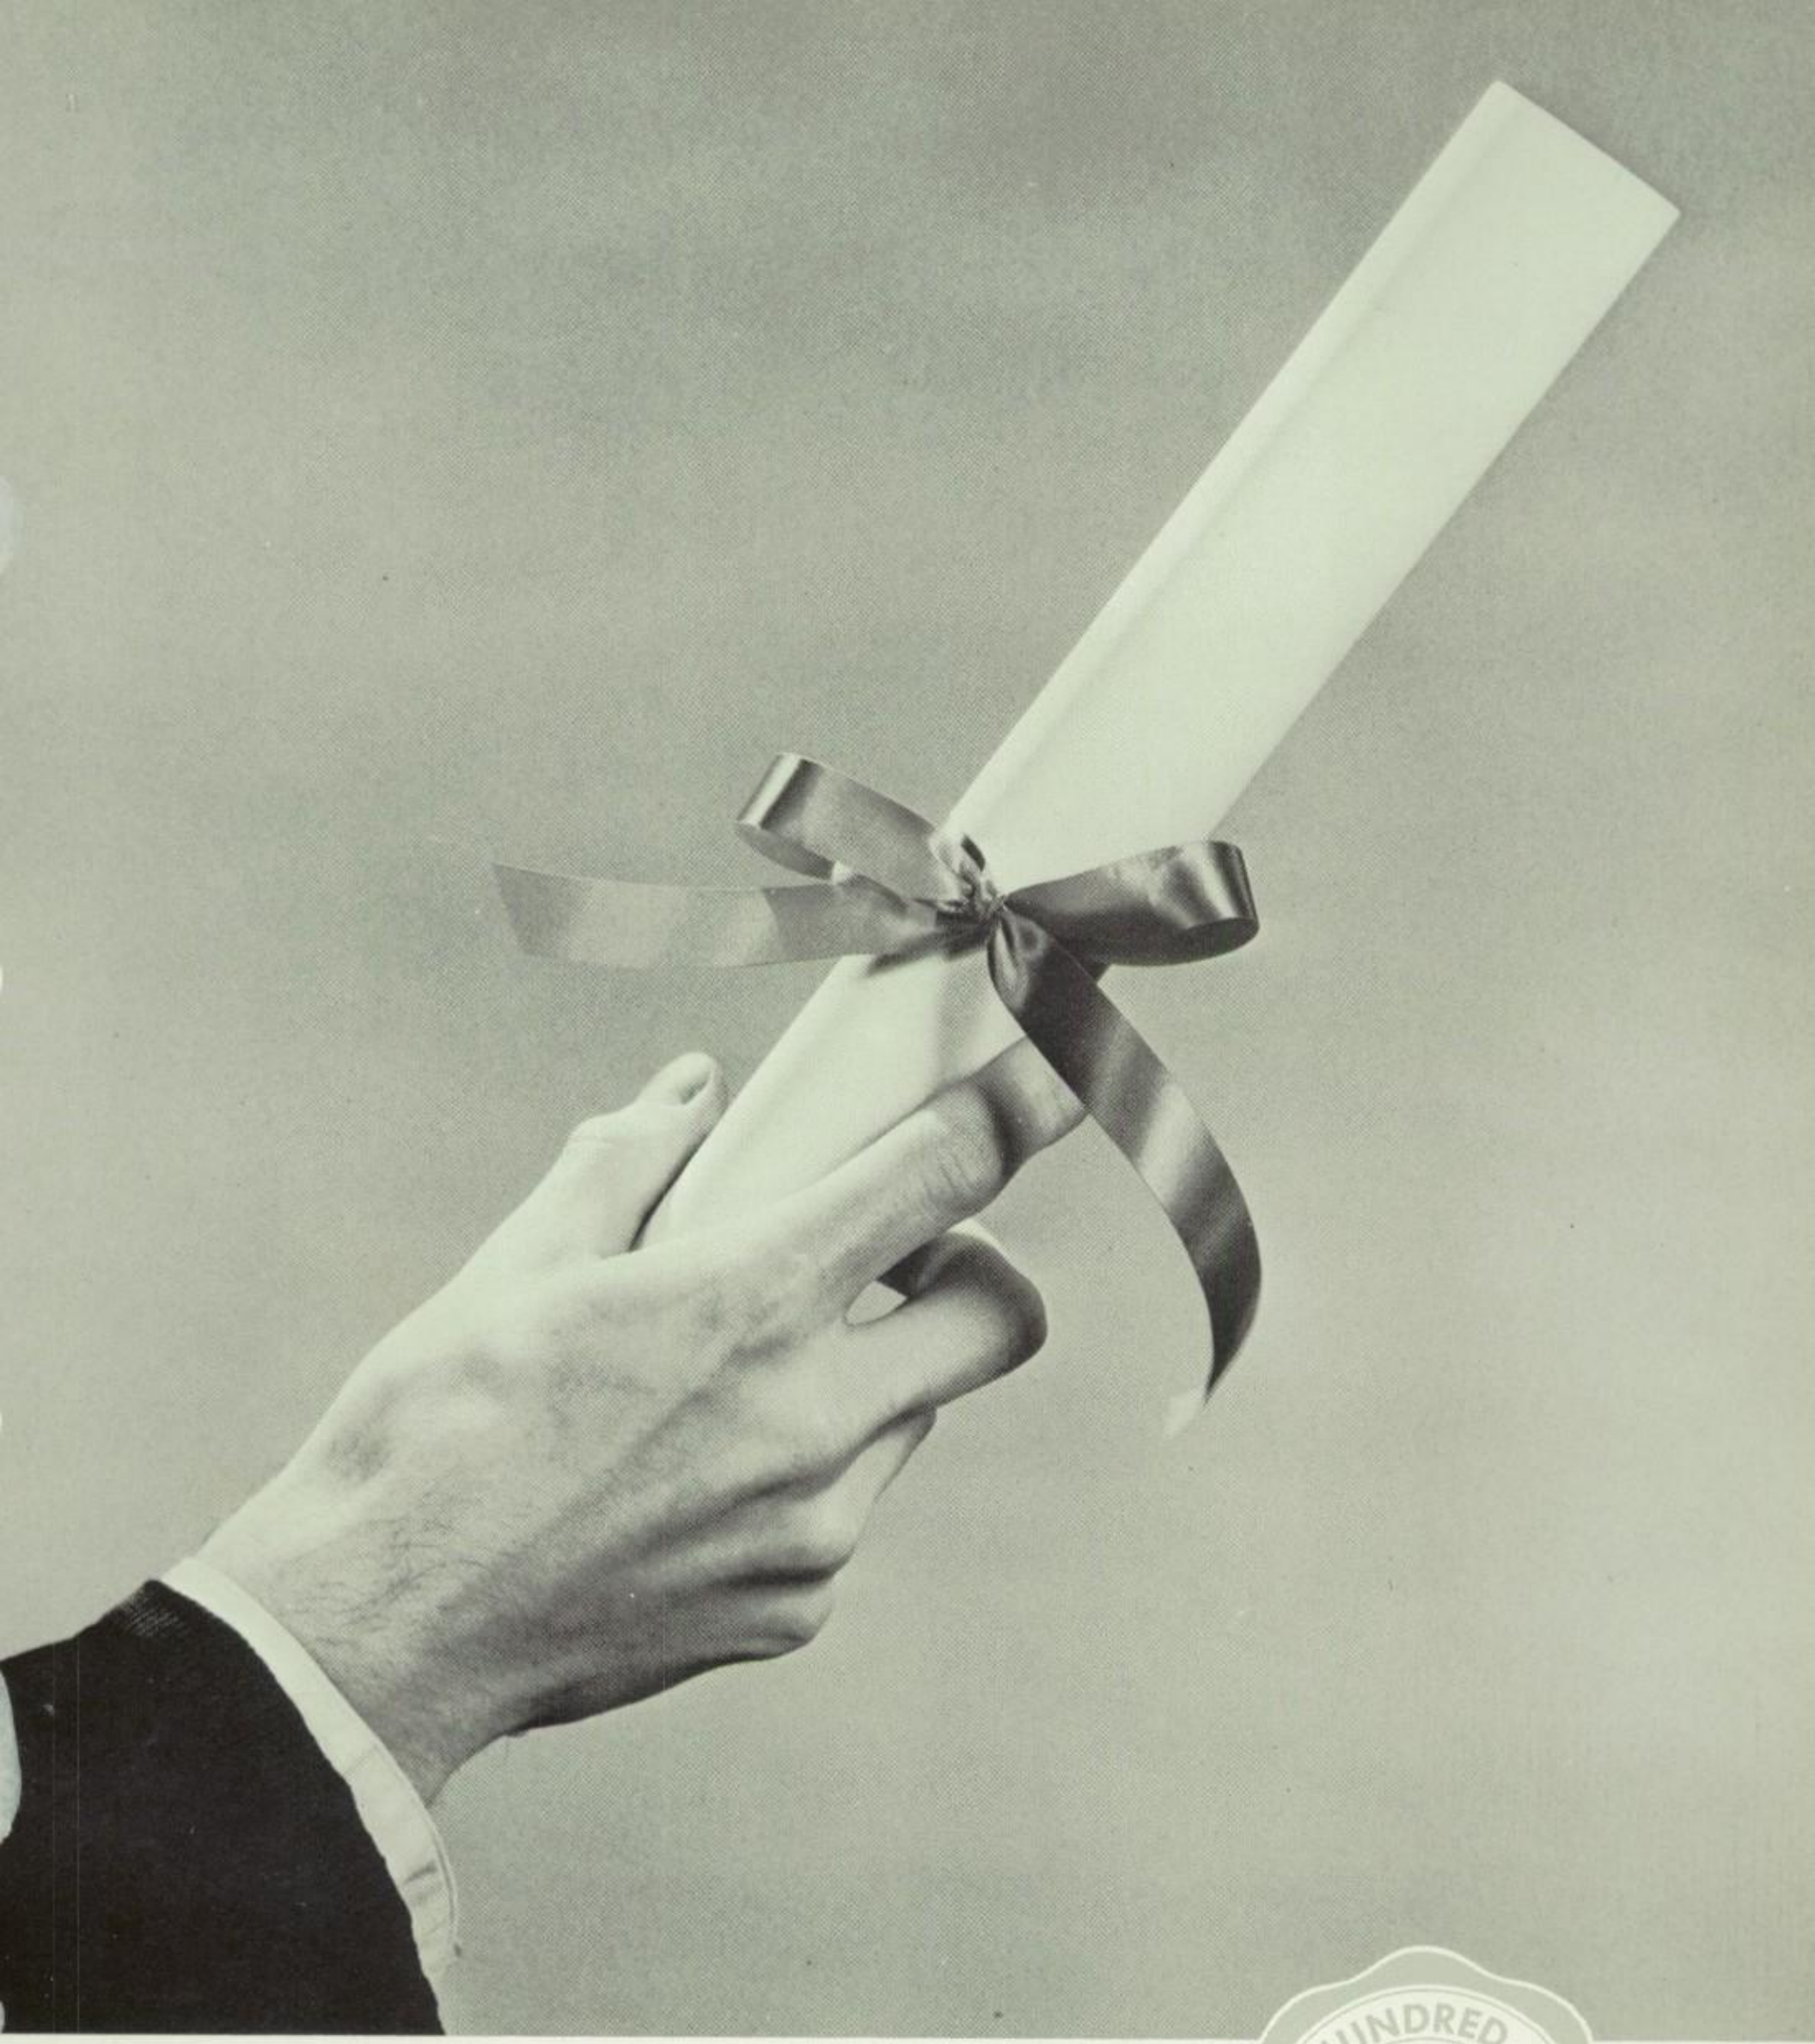
The Golf Team finished third in State Competition last year. With four returning lettermen from last year, Coach T. R. Bond is looking forward to a very successful season this year.

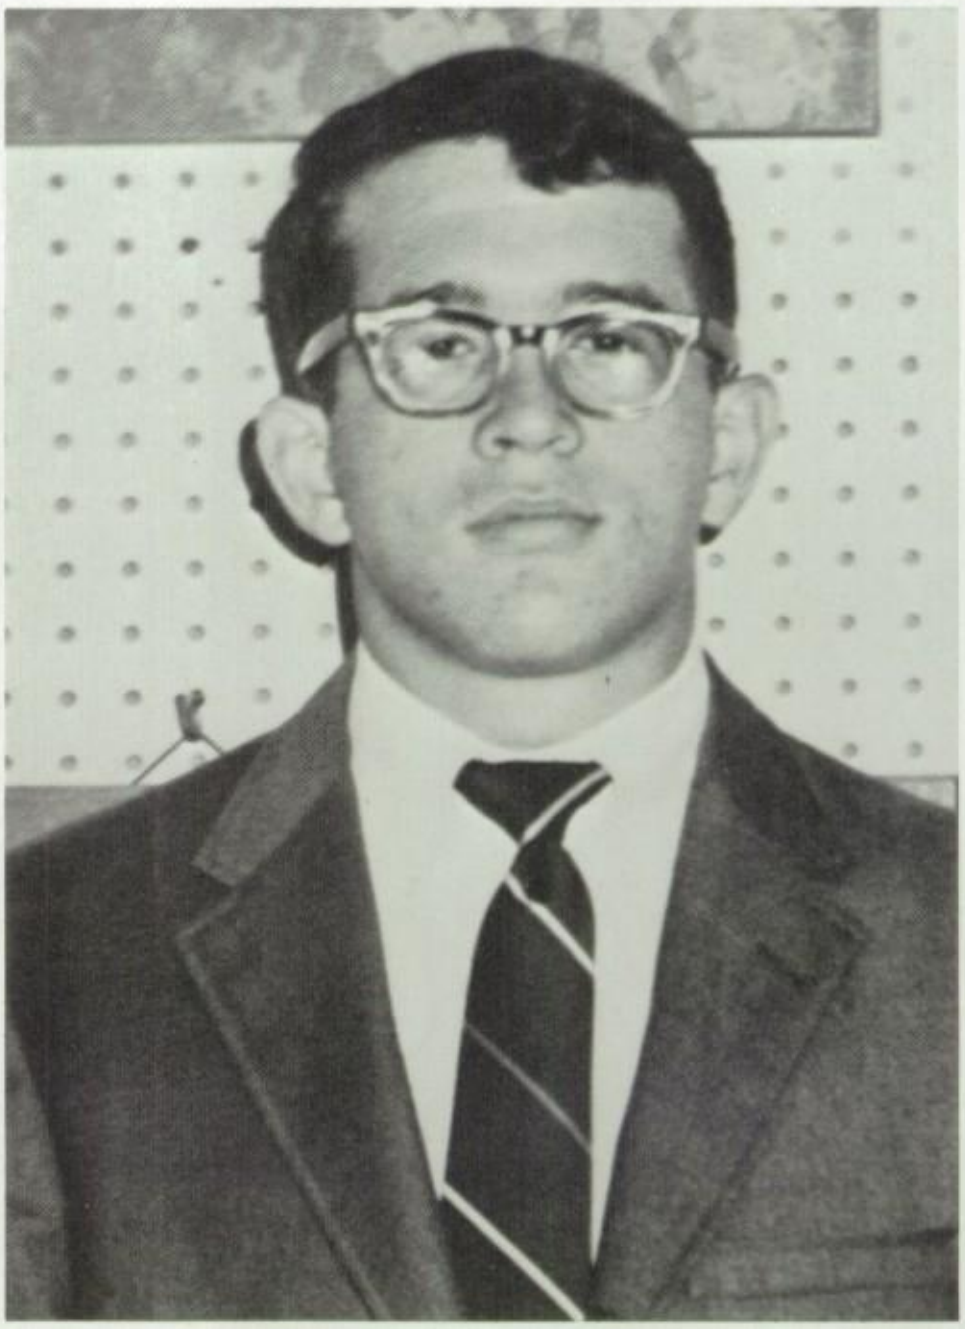


HONORS

NINETEEN HUNDRED SIXTY-NINE

KING TEEN

King Teen is the outstanding senior selected on the basis of scholarship, character, leadership, and personality. These assets helped Henry Brown obtain this honor. A scholarship program sponsored by Wofford College is open to King Teens.



FURMAN SCHOLARS

To be chosen as a Furman Scholar one must demonstrate fine character, superior leadership, and must rank in the top quarter of the Junior Class academically. The four students chosen for this honor visit Furman University on Furman Scholars' Day.

Dianne Hughes, Gary Collier, Henry Brown, and Diane Morgan.

GIRLS' STATE AND BOYS' STATE

Lucy Burch and Margaret Browne

Every year schools in the state send representatives to Palmetto Boys' State and Palmetto Girls' State. Four boys are sent to Boys' State at the Citadel; two girls spend a week at Girls' State held at the University of South Carolina. The purpose of the week long program sponsored by the American Legion is to train the delegates in state and local government systems.

Henry Brown, Rudy Brown, and Gary Collier

MARSHALS

Marshals, chosen on the basis of their scholastic averages, represent their classes in the commencement exercises. These are the highest academic honors given to MHS underclassmen. They are received by two freshmen, three sophomores, and four juniors. The junior having the highest average for three years serves as chief marshal.

CHIEF MARSHAL: Gary Collier

David Baggett, Margaret Browne, Patsy Wideman, Betsy Ridlehoover, Rosemary McKinney, Diane Morgan, Jo Claire Hanvey, Gary Collier.

Editors: Rosemary McKinney, Jr. co-editor; Jo Claire Hanvey, soph. co-editor; Pat Browne, soph. co-editor; David Baggett, Jr. co-editor; Danny Corbitt, sports editor; Diane Morgan, copy editor; Patsy Wideman, Jr. copy editor.

ADVERTISING STAFF: Left to right - Mary Harris, Teresa Jennings, Rosa Watson, Jerry Patterson, Tom Ridlehoover, Mickie Edmunds, manager; Lucy Burch, Gilda Wall, Margaret Browne, Mary Catherine Hanna, Guy Workman.

The annual staff is composed of energetic students who spend many long, hard-working hours to compile the events of our generation.

In future years we, as well as others, can look back and see the exciting happenings of our school life and we can reminisce as we see old friends with whom we were once acquainted.

The annual staff sincerely hopes that this yearbook will be especially meaningful to each student, and that every picture contained within these covers will have special importance.

The "now" generation has been captured in pictures for the posterity of the future.

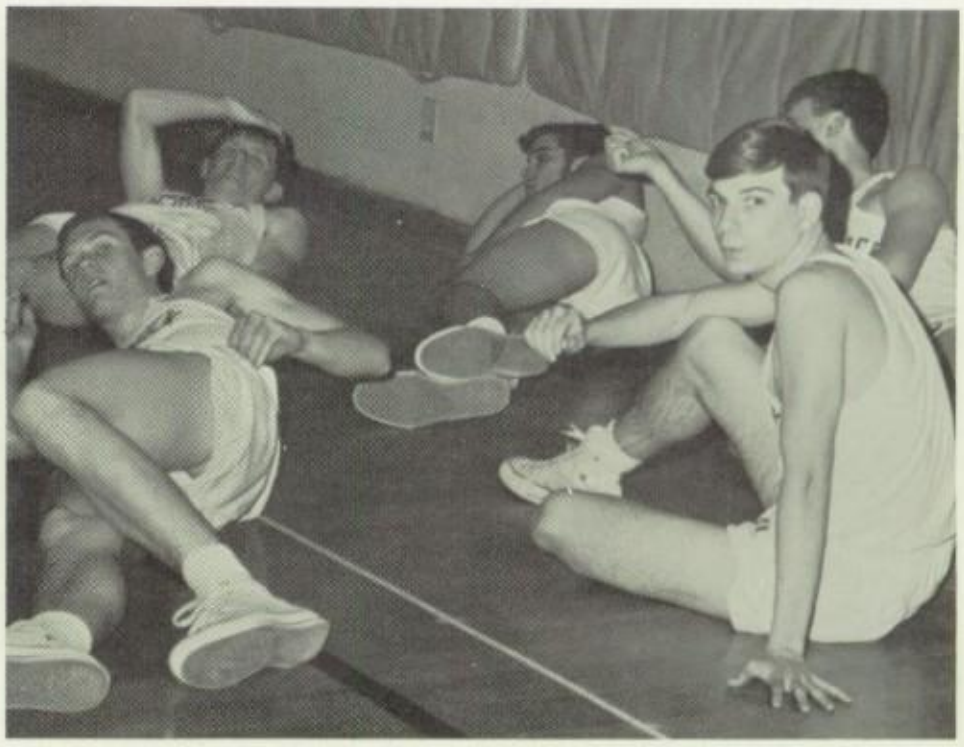
ALMA MATER

On the banks of ole Savannah
Standing firm and strong,
Is our dear McCormick High School
Never going wrong

Praises to the gray and scarlet
Colors of our school
They're the pride of dear McCormick
Glorious to view

Always happy, never blue
We will e'er be true,
All through life,
We'll sing thee praises,
Alma Mater, Dear.



Life seems to come and go so fast - perhaps you have watched a special day on the calendar, felt yourself immersed in the thrill of its poignant meanings and pleasures, and then sadly, watched that special day combine with others of the past and slip from you into yesterday. So it has been with us - a whole year has come and gone as fast as a special day! However wonderful the pleasures of the past, we have greater ones waiting for us, the new generation, in the future.

Should you be an ENGINEER?

Every year more and more young men and women graduate from South Carolina high schools. It is an event which poses this important question: What is the next step after graduation? If you are searching for the right career, and have an inquiring mind, an interest in math and want a satisfying life, a rewarding career in engineering can be yours. The time to start is now! Talk to your parents and school counselor today.

SOUTH CAROLINA ELECTRIC & GAS CO.

Dimples,

As I see it, school is going to end and it's really sad. These years we did together. We enjoyed the things we did together. We got to know each other very well. I'm not going to say much over my leaving. I'll just say I'm sorry and I miss you. Have a real nice person and I hope you have a lot of luck in the future.
